

PROFESSIONAL PRACTICE

Develop cultural competency for a global workplace.

WHY PROFESSIONAL PRACTICE?

Are you looking to build cultural competency skills for operating in an increasingly diverse and global workplace? Then Roots & Wings' Professional Practice is for you! The Roots & Wings staff meet our clients where they are to build their cultural competency skills.

WHAT IS PROFESSIONAL PRACTICE?

Professional Practice is a training designed to assess and further develop cultural competency skills for the workplace. Roots & Wings identified key cultural competency skills required for today's rapidly changing workplace. Participants find their ability to create a more accepting and collaborative work climate.

HOW DOES PROFESSIONAL PRACTICE WORK?

Roots & Wings (R&W) will assess your group's level of understanding and practice of cultural competency skills. Training Facilitators will identify with you the skills to target for growth. R&Ws will facilitate the training and supply all materials needed as well as provide ongoing consultation for further skill development throughout the process.
